## EXPERIENCE

### Mansior, Lagos State — Lead Front-End Developer

June 2024 - Present

Led front-end development for a real estate platform, improving user experience and optimizing site performance. Collaborated with back-end teams to integrate APIs and enhance property management functionalities.

### Freelance, Global — Freelance

December 2023 - June 2024

Developed and deployed a responsive web application that improved user engagement by 40% within 2 months, enhancing the overall user experience. Implemented RESTful APIs and microservices architecture, which increased application performance and reduced load. Utilized JavaScript frameworks like React and Node.js to build scalable applications, contributing to successful project completions ahead of deadlines.

### Adian Labs, Nigeria — Front-End Developer

January 2023 - November 2023

Developed and maintained front-end features using React.js, contributing to a dynamic team environment. Assisted in debugging and testing UI components for responsive design and performance. Nigeria

### Global Axis, Lagos State — Front-End Developer

April 2021 - September 2022

Supported the front-end team in building UI components and fixing bugs. Gained hands-on experience in HTML, CSS, and JavaScript development.
